In response, Ms. Kurtz went back into the system and credited the deposit account with \$645 on 7/22/04. However, this credit does not cover the total amount of the previous debits of \$283 and \$470. A difference of \$108 still exists. When I brought this discrepancy up with Ms. Kurtz, she told me to contact Mr. Dingle's office. Mr. Dingle instructed me to write a letter to the Office of Finance.

I have enclosed with my letter copies of the July, PTO Deposit Account Statement, the "Correction of Errors in Small Entity Status" and the check for \$1741 that were submitted, and the corresponding postcard (date stamped by the PTO). In view of the above, please refund immediately the overcharged amount of \$108.00 to our deposit account No. 04-1061. If you have questions regarding this matter, please contact us.

Best regards,

Larry J. Moskowitz

Re: Request for Refund
Serial No. : 08/617,265
Patent No.: 5,727,880
Our Reference No. 80273-00002

Dear Sirs:

Upon review of the July 2004 monthly statement for deposit account No. 04-1061, we have discovered a number of improper charges (see copy of statement enclosed). As a result of these improper charges, an overcharged amount of \$108.00 is owed to our deposit account No. 04-1061. The following is an explanation of why these charges are improper.

On April 15, 2004, I submitted a "Correction of Errors in Small Entity Status" to the U.S. Patent and Trademark Office for U.S. Patent No. 5,727,880. Included with the petition was a check for \$1,741 as payment for the itemized deficiencies which were owed. The June 2004 monthly statement revealed that two improper charges were made to deposit account 04-1061. A first charge for \$283 was made on 7/2/04. It was posted to REF 08/617,265, which was the application number for U.S. Patent No. 5,727,880. It incorrectly listed the fee code as 1001. (I will explain why this fee code is incorrect below). The second improper charge was for \$470. It was posted to REF 5,727,880. It incorrectly listed the fee code as 1559 (also explained below). No debits should have been made to the deposit account because the check for \$1,741 covered the total deficiency payment owed. A discussion on June 28, 2004 with the petition examiner handling the case, Irvin Dingle, confirmed this.

On July 12, 2004, I discussed this issue with Eleanor Kurtz, the individual who handled the check for \$1741. From our discussion, it appears that an incorrect fee code was used when applying the check of \$1741 to the deficiencies owed. According to Ms. Kurtz, all the total deficiency (which is the sum of the itemized deficiencies) listed in the "Correction of Errors in Small Entity Status" for U.S. Patent No. 5,727,880 should have been coded using one fee code, fee code 1461. This fee code represents a deficiency fee submitted under 37 CFR 1.28(c). Instead, each itemized deficiency listed was coded individually with a separate fee code. I asked Ms. Kurtz to go back into the system and correct the coding that was applied.
